

Remains of the past

A compact version of the Soul Armchair, and a regular companion of the Leaf and Titano series, SOUL DINING/MEETING CHAIR suggests a formal yet comfy sitting experience. An impeccably secure and sound product, the Soul Chair demonstrates the perfect harmony of three different materials used in its construction. The wood-veneered plywood crust, which enclaves a metal crescent frame, constructs the main character of the chair. Meticulously stitched and padded backrest, which requires excellent leather craftsmanship, comes in various leather and nubuck alternatives, whereas the seating pad can be fabric or leather. An elegant metal stripe detail mounted on the back foot adds extra gleam to the design.
