Ø.90 x H.37 cm | Ø.60 x H.57 cm

Designed by **Marconato & Zappa**

Iris is a collection of coffee tables which juggle with exceptional materials : marble and massive wood. A suitable and delicate shock of the materials where the veins of the wood join marble ones, like a contemporary material mix and match. In low version or in occasional table, alone or in a group, they will make the most beautiful effect in a contemporary and warm lounge.
